

Home Automation

Future Smart Home

More Than Just Surveillance

- **Upgrade Alarm System to Smart Home**

*Add smart control to your existing alarm system
Not just monitor security status but also control everything remotely
by App and schedule*

- **24 x 7 Professional Monitoring**

*Get fast responses & effective protection from monitoring center
once emergency happens at home*

- **All-In-1 Cloud Based Platform**

*Integrate traditional Video Surveillance, Alarm System, Intercom,
and other applications into a single platform*

- **Smart, convenient and secure**

*Intelligent voice control, auto learning and self-adaption
No complicated setting or programming needed*

Smart Gateway

HA-GW1

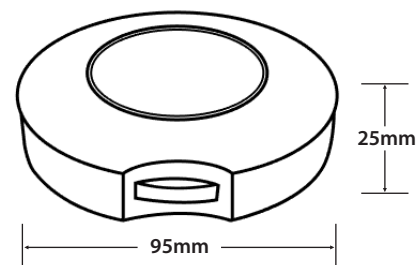

Key Features

- Wireless smart gateway, the central & bridge to control the complete smart home system
- Support Z-Wave, Wi-Fi & GSM, fully compatible with most Z-Wave devices in the market
- Built-in SIM card slot, support self monitoring with cellular for backup
- Backup battery for dual protection
- Support remote control by App

Specification

| | |
|-----------------------|---|
| Storage humidity | 10%-95% (No condensation) |
| Storage temperature | -20~70°C |
| Operation temperature | -20~60°C |
| Voltage In | 5V / 1A |
| Install Mode | Desktop / Ceiling Mount / Wall Mount |
| CPU core | ARM 32-bit CortexTM-M3 CPU |
| CPU Frequency | 72MHz |
| Storage | 128 Kbytes of Flash memory, 20 Kbytes of SRAM |
| Zwave max nodes | 232 |
| Zwave Range | <=40m (Indoor), 100m (Outdoor) |
| Ad hoc network | Self-adaptive |
| IR Range | <=6m |
| Infrared Carrier Wave | 38KHz |
